[illegible]

FIG. 3 is a perspective view of a second embodiment of the device 370. This view shows the device from a different angle, highlighting the internal components and the mounting structure. The device 370 is shown mounted on a base 6. The top surface 7 is visible, along with the side walls 9 and 9B. The internal components, including the sensor 108 and the mounting bracket 120, are shown in a cross-sectional view. The device is secured to the base 6 by screws 42. A coordinate system (X, Y, Z) is shown at the bottom left.
